To provide Hope, Care and Cure

LIONS CANCER DETECTION CENTER TRUST

Since 1972

Inspired by

LIONS CLUB OF SURAT

MISSION STATEMENT

To provide compassionate, accessible, high quality and cost effective healthcare to one and all.

To serve with a "patient's first" motto and to work towards a patient centered care.

We foster a culture of inclusion and equality. Our Support team finds strength and pride in its ability to see and treat each other as ONE.

We restore and nurture life.

We heal with empathy and compassion for all.

Patients and Support Team will always be, a valued and integral part of our Trust.

Our hospital is one of the oldest cancer care center serving Surat City, South Gujarat and various states.

With your kind support, we shall continue to serve the city and neighboring areas in the future too.

Join hands with LCDCC family to Close the Cancer Gap and ease your Financial Burden.

CHAIRMAN'S APPEAL

Dear Patrons,

It has been a wonderful and an encouraging interaction with noble philanthropists, kind hearted Donors and eminent personalities of Surat, who have empathy and deep concern for the helpless and needy patients of Cancer, who are passing through their worst phase of life, physically & mentally. Together we are trying our best to give them a quality life and curbing this disease in its initial stage.

The Government of Gujarat has very kindly allotted us, additional land, adjacent to our existing Cancer Hospital to construct a new Hospital equipped with advanced Technology and Facilities.

The Office Bearers, Trustees and our dedicated LCDC Cancer Hospital team are able to perform their solemn duty efficiently, only because of the kind response and compassionate contribution, we receive from all our donors.

The expert and experienced team at our LCDC - Cancer Treatment Hospital provides multi-disciplinary diagnosis and treatment. We Offer innovative care options, including conservative and advanced treatment with transparent information and measurable outcomes. We intend to serve the society with the excellent knowledge of our healthcare experts.

We humbly appeal to you, for your kind financial contribution for completion of this noble project.

Many kind hearted Donors have already come forward for the same. With the sincere approach and genuine efforts of all our Trustees, Doctors and our Members, we have started collection of Donations - CSR funds from Companies, Large Corporate & Business Houses.

Expanding our service activities also means that we need more hands and more noble Trustees to achieve our new goals and serve the community selflessly.

Our upcoming marathon project, a full-fledged New Cancer Hospital, a High-tech Building with Bunkers comprising of latest advanced technology, modern clinical Equipment for treatment, World class designed Operation Theaters, Bone Marrow facilities, Latest Radiation Machines, PET/CT Scan with PSMA, CT Simulator for Radiation Therapy planning, Gamma SPECT, an imaging device used to image gamma radiation-emitting radioisotopes, OPD, IPD, Laboratory, Blood Bank, Mammography, Sonography, Digital X-Ray, Uninterrupted Power Supply etc, all under one roof, costing approximately Rs. 150 Crores is taking shape.

Let us have a 'Quest for Quality'. We seek your wholehearted participation, to carry forward our vibrant journey of 50 golden years.

Your kind support and our pious intentions will lead us to meet our destination to give the maximum benefits to needy Cancer Patients.

With the blessings of God, I look forward to your philanthropic support for this noble endeavor.

Thank You,

Humble Regards,

Ashok Kanungo

Cancer Rehabilitation
Department and Pain
Management Department***

AIMS & ACTIVITIES OF THE TRUST

Cancer is increasing rampantly. Irrespective of age, social status, physical fitness, gender, etc., it takes a toll on not just one's health, but also on one's emotions, time and money. The reason for its high incidence rate may be multiple, such as genetic, mutations, hormonal changes, poor immune conditions, etc.

The Main Aim of the Lions Cancer Detection Center Trust is to Provide Quality and Affordable Cancer Treatment.

To fulfill our aim, we have developed Comprehensive Cancer Care Facilities providing Complete Solutions to Cancer care and cure. We battle the Disease of Cancer with the correct blend of three primary source of treatments:

Surgical Oncology

Medical Oncology (Chemotherapy, Targeted therapy and Immunotherapy)

Radiation Oncology

Currently, We provide following facilities under one roof :

1. **Cancer Screening**
2. **Surgical Oncology**, Modular operation theaters and well equipped ICU
3. **Radiation Oncology**
 - A) *External Radiation :*
Latest Radiation therapy technologies, External beam radiotherapy which offers highest precision for treating patients 2DRT, 3DCRT, IMRT, IGRT, VMAT, SRS and SRT
 - B) *Brachytherapy Internal Radiation :*
Gynecological, Breast, Sarcoma, Prostate and head and neck. VARIED APPLICATORS FOR ALL DIFFERENT SITES.
4. **Medical Oncology & Haemato Oncology**, Chemotherapy, Immunotherapy, Targeted Therapy & Hormonal Therapy ,
5. **Diagnostics Facilities** like Mammography, MRI, CT Scan, Ultrasound Sonography, Pathological investigations, (Complete histopathology Cyto, pathology) and Bone Marrow Biopsies
6. **Dental care**
7. **Physiotherapy**
8. **Genetic tests and Counseling**

We also provide Allied Services like : Psychological support, Palliative care Home stay to out of station patients who require prolonged treatment.
